

Appendix 1

TOSELAND COMMUNITY PLANNING STEERING GROUP

A survey of residents' priorities from Toseland Community Planning Steering Group

Dear villager,

Here is a short preliminary survey as a starting point for the Toseland Community Plan process. We are hoping everyone over the age of 10 will fill in a copy, indicating by the rating system how much of a concern these issues are for individuals. Please circle the number that best represents your view, ranging from 5 for "very concerned" to 0 for "not at all concerned". This survey will establish what people's key concerns and priorities are for the future of Toseland. A community plan is a very useful tool to influence key policy makers, such as the local authorities, but it is important to remember that we cannot guarantee to deliver all the changes or improvements that local residents would like to see.

The topics listed below were identified at a Community Plan meeting on April 30 2009. As not many villagers were there, we need to establish whether these topics are the key issues for the majority of residents, or if other topics remain to be identified. If you have burning issues not listed here that we should be aware of, please make a note in the space over the page.

This is an anonymous survey, but to ensure the results are representative, we would be grateful if you fill in the question on age and gender.

Completed surveys should be returned to Heather Moffatt at The Limes, High Street, Toseland, by x July.

Thank you for your time!

Traffic and vehicles	Very		Moderately		Slightly	Not at all
How concerned are you about;						
The volume of traffic through the village?	5	4	3	2	1	0
Speed of traffic?	5	4	3	2	1	0
